Dear Yvonne,

On behalf of the Education Foundation of the Nassau/Suffolk Chapter of the National Conference of CPA Practitioners, I want to take this opportunity to thank you for your time in speaking to our organization on the topic of "How to help our Elder Clients? How to find a caseworker? What role does Long Term Care Insurance, Supplemental Needs Trusts, and Reverse Mortgages play in elder care?" on January 17, 2008 at the Holiday Inn @ Plainview.

NCCPAP prides itself on presenting informative speakers with a professional, educational lecture. You are a skilled speaker whose presentation consists of a vast body of knowledge on the subject, an articulate presentation, the ability to answer a wide range of questions and an outline/handout, which is a valuable reference source. Your evaluations were outstanding, and needless to say, the audience satisfaction level was high.

I am certain that those who attended the lecture found it to be educational, and the information to be highly useful in their practices. We are looking forward to having you make future seminar presentations.

Very truly yours,

Robert Barnett, CPA, MS(TAXATION), JD, Esq.
